[MS-RDPEGFX]: Remote Desktop Protocol: Graphics Pipeline Extension

August 24, 2020 – Download

Errata below are for Protocol Document Version V14.0 - 2020/08/26

Errata Published*	Description
2020/10/26	In Section 2.2.2.23 RDPGFX_MAP_SURFACE_TO_SCALED_WINDOW_PDU, corrected prescriptive language regarding mapping a surface to a RAIL window. Changed from: The RDPGFX_MAP_SURFACE_TO_SCALED_WINDOW_PDU message is sent by the server to instruct the client to map a surface to a RAIL window on the client, including a target width and height to which the surface should be scaled. Changed to: The RDPGFX_MAP_SURFACE_TO_SCALED_WINDOW_PDU message is sent by the server to instruct the client to map a surface to a RAIL window on the client, including a target width and height to which the surface MUST be scaled.
